\*The Complete Set includes the Syllabus and the student materials for P-10 (Worksheets, Written & Aural Sample Tests and Sample Test answers). It does not include the answers for Worksheets. These must be ordered separately if desired. The Level 10 student sets already include Worksheet answers because of the difficulty of the material.

\*\*Level 8 and 9 worksheets purchased after May, 2001, have already been corrected, and you do not need to buy the corrections.

\*\*\*If you purchased your Syllabus and Primary Worksheet packet after November 20, 2009, they have already been revised, and you do not need to purchase the revised pages.
